In re Application of
Cossins, et al.
Application No. 10/004,346
Filed: 1 November, 2001
Attorney Docket No. 108402

DECISION

This is a decision on the petition, filed 23 April, 2008 (supplemented thereafter on or about 23 May, 2008), considered as a petition under 37 C.F.R. §1.181 (no fee) requesting withdrawal of the holding of abandonment in the above-identified application, and in the alternative to revive an application under 37 C.F.R. §1.137(b) as having been abandoned due to unintentional delay.

The petition as considered under 37 C.F.R. §1.181 is **GRANTED**; and the petition under 37 C.F.R. §1.137(b) is **DISMISSED**.

**As to the Request to Withdraw
the Holding of Abandonment**

A proper showing as to non-receipt requires at the very minimum: a statement from practitioner stating that the Office action was not received by the practitioner; a statement from the practitioner attesting to the fact that a search of the file jacket and docket records for the application indicates that the Office action was not received with a copy of those docket records; and a brief statement of the calendaring process and a copy of the due-date (calendar) docket record(s) where the nonreceived Office action would have been scheduled for reply had it been received must be attached to and referenced in the practitioner's statement.

Alternatively, for a showing of timely and proper reply: a statement from practitioner stating that the reply was timely submitted by the practitioner; and copies of all papers submitted as and/or in support of that reply, with/and a copy of the date-stamped receipt card, Office FAX receipt acknowledgement (not simply Petitioner's FAX transmittal), or EFS receipt acknowledgment from the Office, along with practitioner's attestation as to the correctness/completeness of his/her records.

The showing(s) must include that of the person(s) with first-hand knowledge and an acknowledgment by the Petitioner that he/she has reviewed that information in compliance with his/her duty of candor to the Office.

As to the Allegations
of Unintentional Delay

The requirements of a grantable petition pursuant to 37 C.F.R. §1.137(b) are the petition and fee therefor, a reply, a proper statement of unintentional delay under the regulation, and, where applicable, a terminal disclaimer and fee. (However, it does not appear that a terminal disclaimer and fee are due here.).

BACKGROUND

The record reflects as follows:

This application was held abandoned for Petitioner's failure to reply timely and properly to Notice of Allowance/Allowability and Fees Due mailed on 28 November, 2007, with a reply due under a non-extendable deadline on or before 28 February, 2008.

The application went abandoned after midnight 28 February, 2008.

The Office mailed the Notice of Abandonment on 24 March, 2008.

On 23 April, 2008, Petitioner filed two petitions (supplemented thereafter on or about 23 May, 2008), one requesting withdrawal of the holding of abandonment under 37 C.F.R. §1.181 averring non-receipt supported with copies of the application docket sheet and the due-date docket records, along with the averment by Petitioner that the papers were not found after proper search and as to the nature and process of the docketing system, all in compliance with the guidance set forth in the Commentary at MPEP §711.03(c)(I)(A) and (B)— and, in the alternative Petitioner filed the petition under 37 C.F.R. §1.137(b), authorized the fee, with the fees due as the required reply and made the statement of unintentional delay.

The guidance in the Commentary at MPEP §711.03(c) sets forth the showing requirements for overcoming the presumptions herein.

¹ The guidance in the Commentary at MPEP §711.03(c) as to non-received Office actions and timely filed replies is as follows:

A. Petition To Withdraw Holding of Abandonment Based on Failure To Receive Office Action

In *Delgar v. Schulyer*, 172 USPQ 513 (D.D.C. 1971), the court decided that the Office should mail a new Notice of Allowance in view of the evidence presented in support of the contention that the applicant's representative did not receive the original Notice of Allowance. Under the reasoning of *Delgar*, an allegation that an Office action was never received may be considered in a petition to withdraw the holding of abandonment. If adequately supported, the Office may grant the petition to withdraw the holding of abandonment and remail the Office action. That is, the reasoning of *Delgar* is applicable regardless of whether an application is held abandoned for failure to timely pay the issue fee (35 U.S.C. 151) or for failure to prosecute (35 U.S.C. 133).

To minimize costs and burdens to practitioners and the Office, the Office has modified the showing required to establish nonreceipt of an Office action. The showing required to establish nonreceipt of an Office communication must include a statement from the practitioner ~~**>~~describing the system used for recording an Office action received at the correspondence address of record with the USPTO. The statement should establish that the docketing system is sufficiently reliable. It is expected that the record would include, but not be limited to, the application number, attorney docket number, the mail date of the Office action and the due date for the response.

Practitioner must state that the Office action was not received at the correspondence address of record, and that a search of the practitioner's record(s), including any file jacket or the equivalent, and the application contents, indicates that the Office action was not received. A copy of the record(s) used by the practitioner where the non-received Office action would have been entered had it been received is required.

A copy of the practitioner's record(s) required to show non-receipt of the Office action should include the master docket for the firm. That is, if a three month period for reply was set in the nonreceived Office action, a copy of the master docket report showing all replies docketed for a date three months from the mail date of the nonreceived Office action must be submitted as documentary proof of nonreceipt of the Office action. If no such master docket exists, the practitioner should so state and provide other evidence such as, but not limited to, the following: the application file jacket; incoming mail log; calendar; reminder system; or the individual docket record for the application in question.<

The showing outlined above may not be sufficient if there are circumstances that point to a conclusion that the Office action may have been lost after receipt rather than a conclusion that the Office action was lost in the mail (e.g., if the practitioner has a history of not receiving Office actions).

Evidence of nonreceipt of an Office communication or action (e.g., Notice of Abandonment or an advisory action) other than that action to which reply was required to avoid abandonment would not warrant withdrawal of the holding of abandonment. Abandonment takes place by operation of law for failure to reply to an Office action or timely pay the issue fee, not by operation of the mailing of a Notice of Abandonment. See *Lorenz v. Finkl*, 333 F.2d 885, 889-90, 142 USPQ 26, 29-30 (CCPA 1964); *Krahn v. Commissioner*, 15 USPQ2d 1823, 1824 (E.D. Va 1990); *In re Application of Fischer*, 6 USPQ2d 1573, 1574 (Comm'r Pat. 1988).

B. Petition To Withdraw Holding of Abandonment Based on Evidence That a Reply Was Timely Mailed or Filed

37 CFR 1.10(c) through 1.10(e) and 1.10(g) set forth procedures for petitioning the Director of the USPTO to accord a filing date to correspondence as of the date of deposit of the correspondence as "Express Mail." A petition to withdraw the holding of abandonment relying upon a timely reply placed in "Express Mail" must include an appropriate petition under 37 CFR 1.10(c), (d), (e), or (g) (see MPEP § 513). When a paper is shown to have been mailed to the Office using the "Express Mail" procedures, the paper must be entered in PALM with the "Express Mail" date.

Similarly, applicants may establish that a reply was filed with a postcard receipt that properly identifies the reply and provides *prima facie* evidence that the reply was timely filed. See MPEP § 503. For example, if the application has been held abandoned for failure to file a reply to a first Office action, and applicant has a postcard receipt showing that an amendment was timely filed in response to the Office action, then the holding of abandonment should be withdrawn upon the filing of a petition to withdraw the holding of abandonment. When the reply is shown to have been timely filed based on a postcard receipt, the reply must be entered into PALM using the date of receipt of the reply as shown on the post card receipt.

Where a certificate of mailing under 37 CFR 1.8, but not a postcard receipt, is relied upon in a petition to withdraw the holding of abandonment, see 37 CFR 1.8(b) and MPEP § 512. As stated in 37 CFR 1.8(b)(3) the statement that attests to the previous timely mailing or transmission of the correspondence must be on a personal knowledge basis, or to the satisfaction of the Director of the USPTO. If the statement attesting to the previous timely mailing is not made by the person who signed the Certificate of Mailing (i.e., there is no personal knowledge basis), then the statement attesting to the previous timely mailing should include evidence that supports the conclusion that the correspondence was actually mailed (e.g., copies of a mailing log establishing that correspondence was mailed for that application). When the correspondence is shown to have been timely filed based on a certificate of mailing, the correspondence is entered into PALM with the actual date of receipt (i.e., the date that the duplicate copy of the papers was filed with the statement under 37 CFR 1.8).

37 CFR 1.8(b) also permits applicant to notify the Office of a previous mailing or transmission of correspondence and submit a statement under 37 CFR 1.8(b)(3) accompanied by a duplicate copy of the correspondence when a reasonable amount of time (e.g., more than one month) has elapsed from the time of mailing or transmitting of the correspondence. Applicant does not have to wait until the application becomes abandoned before notifying the Office of the previous mailing or transmission of the correspondence. Applicant should check the private Patent Application Information Retrieval (PAIR) system for the status of the correspondence before notifying the Office. See MPEP § 512.

C. Treatment of Untimely Petition To Withdraw Holding of Abandonment

Out of an abundance of caution, Petitioners always are reminded that the filing of a petition under 37 C.F.R. §1.181 does not toll any periods that may be running any action by the Office and a petition seeking relief under the regulation must be filed within two (2) months of the act complained of (see: 37 C.F.R. §1.181(f)), and that those registered to practice and all others who make representations before the Office are reminded to inquire into the underlying facts of representations made to the Office and support averments with the appropriate documentation—since all owe to the Office the continuing duty to disclose.²

The availability of applications and application papers online to applicants/practitioners who diligently associate their Customer Number with the respective application(s) now provides an applicant/practitioner on-demand information as to events/transactions in an application.

(See MPEP § 711.03(c) under subheading "Petition to Withdraw Holding of Abandonment Based on Failure to Receive Office Action," alternative "A Reply Was Timely Filed"; see also: "Withdrawing the Holding of Abandonment When Office Actions Are Not Received," 1156 Official Gazette 53 (November 16, 1993).)

Allegations as to the Request to Withdraw the Holding of Abandonment

The courts have determined the construct for properly supporting a petition seeking withdrawal of a holding of abandonment.³ (See, also, the commentary at MPEP §711.03(c)(I)(A) and (B).)

And the regulation requires that relief be sought within two (2) months of the act complained of.

Petitioner appears to have satisfied the showing requirements as discussed hereinabove.

Allegations as to Abandonment Due to Unintentional Delay

As indicated earlier, the requirements of a grantable petition pursuant to 37 C.F.R. §1.137(b) are the petition and fee therefor, a reply, a proper statement of unintentional delay under the

¹ 37 CFR 1.181(f) provides that, *inter alia*, except as otherwise provided, any petition not filed within 2 months from the action complained of may be dismissed as untimely. Therefore, any petition (under 37 CFR 1.181) to withdraw the holding of abandonment not filed within 2 months of the mail date of a notice of abandonment (the action complained of) may be dismissed as untimely. 37 CFR 1.181(f).

Rather than dismiss an untimely petition to withdraw the holding of abandonment under 37 CFR 1.181(f), the Office may require a terminal disclaimer as a condition of granting an untimely petition to withdraw the holding of abandonment.

² See supplement of 17 June, 1999. The Patent and Trademark Office is relying on Petitioner's duty of candor and good faith and accepting a statement made by Petitioner. See *Changes to Patent Practice and Procedure*, 62 Fed. Reg. at 53160 and 53178, 1203 Off. Gaz. Pat. Office at 88 and 103 (responses to comments 64 and 109)(applicant obligated under 37 C.F.R. §10.18 to inquire into the underlying facts and circumstances when providing statements to the Patent and Trademark Office).

³ See: *Delgar v. Schulyer*, 172 USPQ 513 (D.D.C. 1971).

regulation, and, where applicable, a terminal disclaimer and fee. (However, it does not appear that a terminal disclaimer and fee are due here.).

The petition now is moot.

CONCLUSION

The petition under 37 C.F.R. §1.181 is **granted**, and the 24 March, 2008, Notice of Abandonment is **vacated**; the petition under 37 C.F.R. §1.137(b) is **dismissed as moot**.

The instant application is released to Technology Center/AU 2617 for further processing—to include the re-mailing of the Notice of Allowance/Allowability and Fees Due—in due course.

Petitioner may find it beneficial to view Private PAIR within a fortnight of the instant decision to ensure that the revival has been acknowledged by the Technology Center/AU in response to this decision—and it is noted that all inquiries with regard to that change in status should be directed to the Technology Center/AU where that change of status must be effected.

While telephone inquiries regarding this decision may be directed to the undersigned at (571) 272-3214, it is noted that all practice before the Office is in writing (see: 37 C.F.R. §1.2⁴) and the proper authority for action on any matter in this regard are the statutes (35 U.S.C.), regulations (37 C.F.R.) and the commentary on policy (MPEP). Therefore, no telephone discussion may be controlling or considered authority for Petitioner's action(s).

Allowable Subject Matter

2. Claims 1-32 and 49 (renumbered as 33) are allowed. The following is an examiner's statement of reasons for allowance:

Independent claims 1 and 5 are narrower in scope than the previously allowed claim 11 of US Patent No. 6,343,290 B1. Absent any prior art to the contrary, claims 1 and 5 are therefore allowable. Independent claim 19 is a method corresponding to the system of claim 1, therefore claim 19 is allowable. Independent claim 49 is narrower in scope than the previously allowed claim 99 of US Patent No. 6,343,290 B1. Absent any prior art to the contrary, claim 49 is therefore allowable.

Any comments necessary by applicant must be submitted no later than the payment of the issue fee, and to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

Art Unit: 2617
